### **10/10 Competition**

Phase 1. 100 m MA / Control of paces Horse required to canter as slowly as possible along a measured track then walk as fast as possible along the same distance. Points given on a sliding scale. A break of pace / stepping out of corridor results in a zero score for that pace.

Phase 2. PTV Obstacles. 10 obstacles with a maximum of 10 points at each. Full details of obstacles and scoring will be sent with competitor information. The emphasis will be on the type of obstacle you may meet in a full outdoor Trec competition. These sections take place in a large open field.

Phase 3 POR Orienteering

Approx 10k route. Competitors will be given 10 minutes to copy the route onto a blank map which will be provided. You will be given a list of questions to be answered along the way. There may also be markers / tickets to be found en route

An optimum speed will be given for the whole route [ to be advised on day].

Please note - there will be sections of roadwork and bridleway bridges over the A3.

Entry fee:

10/10 CLASSES	£35 per rider SETG members £40 non members [includes day membership of SETG]
PTV Clear round	£10 per round – starts after the 10/10 classes
Sponsored Ride	£20 – you will receive a pre-drawn map and there will be no time limit.

Rosettes to 6<sup>th</sup> place, prize giving on the day. Rosettes can be posted BUT you MUST leave a large correctly addressed and stamped sae.

**Equine Flu Requirements:** TREC GB requires that all events, including training & camps, involving equines should insist that vaccinations are up to date (12 month cycle) and check passports before horses are unloaded. Horses that have had their annual vaccination or a booster, within the last six days of the event should not be allowed to compete. For unvaccinated horses to be able to compete a new programme takes a minimum of 28 days.

1. The twelve month cycle means that a horse's vaccinations should be dated on or within 365 days (twelve months), for each year recorded on the passport, after the initial cycle of three injections were

originally completed. For example a horse vaccinated on 15th March one year needs to be vaccinated on or before 15th March the following year. This also applies in leap years.

2. Horses with several years of annual booster vaccinations can have gaps in their record provided that;

a) The first two primary injections were administered correctly before 1st January 2015. (2nd injection 21-92 days after the 1st injection).

b) All annual boosters since 1st January 2015 are within time.

Please send a copy of your horse's vaccination certificate to the entries secretary along with your entry or indicate if they are already included on the TREC GB database .

**IF YOU HAVE COMPETED AT TREC GB EVENTS IN THE PAST AND BELIEVE YOU ARE ON THE DATABASE THEN PLEASE EMAIL A COPY OF DATE OF RECENT VACCINATIONS. IF IN DOUBT – PLEASE ASK**
