## **Llanllwni Mountain, Carmarthenshire**

Red Kite TREC are delighted to be hosting the TREC GB Championships this year and are looking forward to welcoming you all for a great weekend of competition on Llanllwni Mountain.

Llanllwni is a village and community located in Carmarthenshire, Wales. The village lies along the A483 highway stretching for about 2.5 miles (4.0km) along the road to the south-west of Llanybydder. To the south of the village lies Llanllwni Mountain (Mynydd Llanllwni). More of a rolling hill than what you may imagine as a mountain, Llanllwni Mountain has plenty of history spanning as far back as the Pre-historic times. The mountain is a wild open common managed by local graziers and offers splendid views of the surrounding countryside – the Preseli Hills and the Brecon Beacons can be seen on clear days from near the summit and is open for walking, cycling and horse riding.

See you all soon

**TREC GB would like to thank Red Kite TREC for their assistance with organising and running the National Championships 2021.**

**The Daniel Nolan Trophy** – In memory of Daniel Nolan who sadly passed away in 2018 and was a brilliant orienteer and fellow Treccie. For the highest scoring POR in each level.

**Nations Cup** - Each Nation may nominate between 4 and 8 members of their choice across any or all of the Levels run at the event. Each Nation must have a minimum of 4 team members in order to count. Pairs will be treated as one unit, if within a pair there are two nations, then the pair must nominate which country they will be representing. To be eligible to ride for a Country in the Nations Cup the competitor must meet criteria 1, 2 or 3

1. Resident in that Country
2. Born in that Country
3. Represented that Country in the past (this is the meaning of 'Grandfather rights')

Riders who are under the age of 14 must ride in one of the pairs classes with a partner who is over 18 on the day of the competition.

### **National Championship Qualification Criteria 2021**

1. To be “qualified”, both Individual and Pairs riders (riding as that established pair) must have completed, as TREC GB Red or Blue members, a full 3 phase TREC competition at that level since the beginning of 2019.
2. A qualified rider (or pair) may choose to enter at a competition level below that which they have successfully completed.

### **Entries open for individuals and established pairs 1<sup>st</sup> July 2021**

3. Any rider who has fulfilled the qualification criteria (in 1 and 2, above) may pair with any other rider who has also met these qualification criteria, even if they have never ridden together before, to form a ‘scratch pair’ for the Championships.
4. If the scratch pair are from different levels and wish to enter at the higher level, the rider at the higher level must have completed 2 full TREC competitions at the level at which they wish to enter.
5. As there will be no Grassroots Championships in 2021, a new or level 1 rider may compete at the National Championships for 2021 but only as part of a pair. The other member of the pair **MUST** have completed 2 full TREC competitions at (or above) the level they want to compete at.  
Please note that, if the higher level rider has to retire during the POR, the level 1 rider must also retire from the POR. They may, however, ride both MA and PTV phases non-competitively, i.e. HC (“**hors concours**”).

**Equine Flu Requirements:** TREC GB requires that organisers of any events, including training & camps, involving equines, insist that vaccinations are up to date (12-month cycle) and check passports before horses are unloaded. Horses that have had their annual vaccination or a booster, within the last six days of the event are not allowed to compete. For unvaccinated horses to be able to compete a new programme takes a minimum of 28 days.

1. The twelve-month cycle means that a horse's vaccinations should be dated within twelve months, for each year recorded on the passport, after the initial cycle of three injections were originally completed. For example, a horse vaccinated on 15th March one year needs to be vaccinated on or before 15th March the following year.

2. Horses with several years of annual booster vaccinations can have gaps in their record provided that;

a) The first two primary injections were administered correctly before 1st January 2015. (2nd injection 21-92 days after the 1st injection).

b) All annual boosters since 1st January 2015 are within time.

If your horse is NOT already on the TREC GB Flu vaccination register please send a copy of your horse's passport, including the front page, ID page and vaccination pages to admin@trecgb.com before the closing date. The details will be added to the TREC GB Flu vaccination register unless you say otherwise.
